The plan will address mitigation of multiple natural hazards, including flood, hurricane, urban/wildfire, tornado, winter weather, dam failure, water supply/system failures, and earthquake hazards. A contractor will be hired to help with the development of the District 6 Regional Hazard Mitigation Plan.

The District 6 Hazard Mitigation Council per FEMA planning regulations will develop a regional hazard mitigation plan.

5. The Offeror, with input provided from the HMC, will develop preplanning activities and analysis of the hazard identification and risk analysis.

B. Perform a Risk Assessment (identification of an area’s hazards and assessment of the areas vulnerability to those identified hazards). The purpose of the Risk Assessment is to provide a basis for hazard mitigation planning and will include:

1. Hazard Identification: The Offeror will develop a description and prioritization of the natural hazards that have occurred within the region. The risk assessment section will assess each of the region’s risks. The natural hazards categories include, but are not limited to:
   a. Flood-Related Hazards (river flooding, coastal flooding, erosion, dam failures as the result of coastal storms, winter storms and hurricanes) that include, at a minimum, flood hazard areas as defined by FEMA in the Flood Insurance Rate Maps (FIRMs) for the jurisdiction as well as local historical data and using data from the Repetitive Flood Loss Plan to identify and locate repetitive flood loss properties.
   b. Wind-Related Hazards (hurricanes, coastal storms, winter storms, tornadoes) based on information provided by the National Weather Service and/or best available data.
   c. Fire-Related Hazards (drought, wildfires) based on local historical data, the National Weather Service, and/or other applicable plans/sources.
   d. Geologic Hazards (earthquakes, landslides, sink holes) based on local historical information, and/or other applicable plans/sources.
   e. Other Hazards not listed above as determined by local history and experience. Consideration may also be given to man-made hazards (i.e. chemical spills and/or fires).

C. HAZARD MAPPING: Using GIS technology and the best available existing data, the Offeror will develop a base map of areas affected by multiple natural hazards. In conjunction with mapping, the Region will develop a comprehensive inventory (database) for use in developing map data layers, of the following items relative to the multiple hazard area:

4. Structures will be delineated by use (e.g. residential, commercial, industrial, institutional, other).

D. VULNERABILITY ASSESSMENT: The Offeror based on the previous information, will develop an overview of the areas in the region that are vulnerable to specific hazards. This vulnerability assessment, if possible, will include:

1. Types and numbers of buildings, infrastructure, and critical facilities located in the identified hazard areas.

2. All existing multiple hazard protection measures within the jurisdiction, including protective measures under the National Flood Insurance Program (NFIP).

A section that identifies and analyzes a comprehensive range of specific mitigation actions and projects being considered to reduce the effects of each hazard, with particular emphasis on new and existing buildings and infrastructure. This section will include a list of prioritized hazard mitigation projects that best meet the region’s needs for multiple hazard damage reduction.
   a. These projects may be non-structural (e.g.: planning, regulatory measures, property acquisition, retrofitting, elevation) or structural (e.g.: seawalls, dams, dikes) solutions.
   b. At a minimum, this list of prioritized projects will be based on a process that results in identification of cost effective hazard mitigation projects with public input, including:
      i. An analysis of proposed mitigation projects focused on several key areas, including but not limited to: economic (including...
benefits and cost), engineering, technical, legal, environmental, social, and political feasibility. Selected options will best fit the community’s needs and meet most or all aspects of the feasibility analysis.

(2) *Cancellation or Expiration of the Order:* If a stop work order is issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or contractor price, or both, and the contract shall be modified in writing accordingly, if:

(a) The stop work order results in an increase in the time required for, or in the contractor’s properly allocable to, the performance of any part of this contract; and,

(b) The contractor asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage; provided that, if the procurement officer decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.

(3) *Termination of Stopped Work:* If a stop work order is not cancelled and the work covered by such order is terminated for default or convenience, the
reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.

(4) **Adjustments of Price.** Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract.

### 21.11 Compliance with Laws

The Contractor understands that MEMA is an equal opportunity employer and therefore maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, or any other consideration made unlawful by federal, State, or local laws. All such discrimination is unlawful and the Contractor agrees during the term of the agreement that the Contractor will strictly adhere to this policy in its employment practices and provision of services. The Contractor shall comply with, and all activities under this agreement shall be subject to, all applicable federal, State of Mississippi, and local laws and regulations, as now existing and as may be amended or modified.

### 21.12 Confidentiality

The contractor shall agree to assure the confidentiality of any records obtained from MEMA as required by state and federal privacy laws. No information, documents or other material provided to or prepared by the contractor deemed confidential by MEMA pursuant to state and federal privacy laws, shall be made available to pay person or organization without the prior approval of MEMA. Any liability resulting from the wrongful disclosure of confidential information on the part of the contractor shall rest with the contractor.

### 21.13 Anti-Assignment/Subcontracting

The Contractor acknowledges that it was selected by MEMA to perform the services required hereunder based, in part, upon the Contractor’s special skills and expertise. The Contractor shall not assign, subcontract or otherwise transfer this agreement in whole or in part without the prior written consent of MEMA, which MEMA may, in its sole discretion, approve or deny without reason. Any attempted assignment or transfer of its obligations without such consent shall be null and void. No such approval by MEMA of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of the State in addition to the total fixed price agreed upon in this agreement. Subcontracts shall be subject to the terms and conditions of this agreement and to any conditions of approval that MEMA may deem necessary. Subject to the foregoing, this agreement shall be binding upon the respective successors and assigns of the parties.

### 21.14 Approval

It is understood that the Contract is void and no payment shall be made in the event that the Personal Service Contract Review Board does not approve this contract.
21.15 Attorney’s Fees and Expenses

Subject to other terms and conditions of this agreement, in the event the Contractor defaults in any obligations under this agreement, the Contractor shall pay to the State all costs and expenses (including, without limitation, investigative fees, court costs, and attorney’s fees) incurred by the State in enforcing this agreement or otherwise reasonably related thereto. Contractor agrees that under no circumstances shall the customer be obligated to pay any attorneys’ fees or costs of legal action to the Contractor.

21.16 Authority to Contract

Contractor warrants (a) that it is a validly organized business with valid authority to enter into this agreement; (b) that it is qualified to do business and in good standing in the State of Mississippi; (c) that entry into and performance under this agreement is not restricted or prohibited by any loan, security, financing, contractual, or other agreement of any kind, and (d) notwithstanding any other provision of this agreement to the contrary, that there are no existing legal proceedings or prospective legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this agreement.

21.17 Changes in Scope of Work

The MEMA may order changes in the work consisting of additions, deletions, or other revisions within the general scope of the contract. No claims may be made by the Contractor that the scope of the project or the Contractor’s services has been changed, requiring changes to the amount of compensation to the Contractor or other adjustments to the contract, unless such changes or adjustments have been made by written amendment to the contract signed by the MEMA and the Contractor.

21.18 Contractor Personnel

MEMA shall, throughout the life of the contract, have the right of reasonable rejection and approval of staff or Subcontractors assigned to the work by the Contractor. If MEMA reasonably rejects staff or Subcontractors, the Contractor must provide replacement staff or Subcontractors satisfactory to MEMA in a timely manner and at no additional cost to MEMA. The day-to-day supervision and control of the Contractor’s employees and Subcontractors is the sole responsibility of the Contractor.

21.19 Failure to Deliver

In the event of failure of the Contractor to deliver services in accordance with the contract terms and conditions, MEMA, after due oral or written notice, may procure the services from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies that MEMA may have.
21.20 Failure to Enforce

Failure by MEMA at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of MEMA to enforce any provision at any time in accordance with its terms.

21.21 Force Majeure

Each party shall be excused from performance for any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of such party and/or its Subcontractors. Such acts shall include without limitation acts of God, strikes, lockouts, riots, acts or war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters (the “Force Majeure Events”). When such a cause arises, the Contractor shall notify the MEMA immediately in writing of the cause of its inability to perform; how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to Force Majeure Events shall automatically extend such dates for a period equal to the duration of the delay caused by such events, unless the MSPB determines it to be in its best interest to terminate the agreement.

21.22 Indemnification

To the fullest extent allowed by law, the Contractor shall indemnify, defend, save and hold harmless, protect, and exonerate MEMA, its officers, employees, agents, and representatives, and the State of Mississippi from and against all claims, demands, liabilities, suits, actions damages, losses, and costs of every kind and nature whatsoever, including, without limitation, court costs, investigative fees and expenses, and attorneys’ fees, arising out of or caused by the Contractor and/or its partners, principals, agents, employees and/or Subcontractors in the performance of or failure to perform this agreement. In the State’s sole discretion, the Contractor may be allowed to control the defense of any such claim, suit, etc. In the event the Contractor defends said claim, suit, etc., the Contractor shall use legal counsel acceptable to the State; the Contractor shall be solely responsible for all costs and/or expenses associated with such defense, and the State shall be entitled to participate in said defense. The Contractor shall not settle any claim, suit, etc. without the State’s consent, which the State shall not unreasonably withhold.

21.23 Independent Contractor Status

The Contractor shall, at all times, be regarded as an independent contractor and shall at no time act as an agent for MEMA. Nothing contained herein shall be deemed or construed by MEMA, the Contractor, or any third party as creating the relationship of principal and agent, master and servant, partners, joint venturers, employer and employee, or any similar such relationship between MEMA and the Contractor.
Neither the method of computation of fees or other charges, nor any other provision contained herein, nor any acts of MEMA or the Contractor hereunder, create or shall be deemed to create a relationship other than the independent relationship of MEMA and the Contractor. Contractor’s personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of the State. Neither the Contractor nor its employees shall, under any circumstances, be considered servants, agents or employees of MEMA; and MEMA shall at no time legally responsible for any negligence or other wrongdoing by the Contractor, its servants, agents, or employees. MEMA shall not withhold from the contract payments to the Contractor any federal or State unemployment taxes, federal or State income taxes, Social Security tax, or any other amounts for benefits to the Contractor. Further, MEMA shall not provide to the Contractor any insurance coverage or other benefits, including Workers’ Compensation, normally provided by the State for its employees.

21.24 No Limitation of Liability

Nothing in this Agreement shall be interpreted as excluding or limiting any tort liability of the Contractor for harm caused by the intentional or reckless conduct of the Contractor or for damages incurred through the negligent performance of duties by the Contractor or the delivery of products that are defective due to negligent construction.

21.25 Notices

All notices required or permitted to be given under this agreement must be in writing and personally delivered or sent by certified United States mail, postage prepaid, return receipt requested, to the party to whom the notice should be given at the address set forth below. Notice shall be deemed given when actually received or when refused. The parties agree to promptly notify each other in writing of any change of address.

For the Contractor:  name, title, contractor, address

For the Agency:  name, title, agency, address

21.26 Oral Statements

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract must be made in writing by MEMA.

21.27 Ownership of Documents and Work Papers

MEMA shall own all documents, files, reports, work papers and working documentation, electronic or otherwise, created in connection with the contract services which are the subject of this Agreement, except for the Contractor’s internal administrative and quality assurance files and internal project correspondence. The Contractor shall deliver such documents and work papers to MEMA upon termination or completion of the Agreement. The foregoing notwithstanding, the Contractor shall be entitled to retain a set of such work papers for its files. Contractor shall be entitled to use such work papers only after
receiving written permission from MSPB and subject to any copyright protections.

21.28 Record Retention and Access to Records

Provided the Contractor is given reasonable advance written notice and such inspection is made during normal business hours of the Contractor, MEMA or any duly authorized representatives, shall have unimpeded, prompt access to any of the Contractor’s books, documents, papers, and/or records which are maintained or produced as a result of the contract for the purpose of making audits, examinations, excerpts, and transcriptions. All records related to this Agreement shall be retained by the Contractor for three (3) years after final payment is made under this Agreement and all pending matters are closed. However, if any audit, litigation or other action arising out of or related in any way to this contract is commenced before the end of the three (3) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the three (3) year period, whichever is later.

21.29 Recovery of Money

Whenever, under the contract, any sum of money shall be recoverable from or payable by the Contractor to MEMA, the same amount may be deducted from any sum due to the Contractor under the contract or under any other contract between the Contractor and MEMA. The rights of MEMA are in addition and without prejudice to any other right MEMA may have to claim the amount of any loss or damage suffered by MEMA on account of the acts or omissions of the Contractor.

21.30 Right to Inspect Facility

The State may at reasonable times inspect the place of business of a Contractor or any Subcontractor which is related to the performance of any Contract awarded by the State.

21.31 State Property

Contractor will be responsible for the proper custody and care of any State-owned property furnished for Contractor’s use in connection with the performance of this agreement. Contractor will reimburse the State for any loss or damage, normal wear and tear excepted.

21.32 Termination for Convenience

(1) *Termination.* The Procurement Officer of MEMA may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the Contractor specifying the part of the contract terminated and when termination becomes effective.

(2) *Contractor’s Obligations.* The Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the Contractor will stop work to the extent specified. The Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The Contractor shall
settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or subcontracts to MEMA. The Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

21.33 Termination for Default

(1) Default. If the Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Procurement Officer of MEMA may notify the Contractor in writing of the delay or nonperformance and if not cured in ten days or any longer time specified in writing by the Procurement Officer, such officer may terminate the Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Procurement Officer may procure similar supplies or services in a manner and upon terms deemed appropriate by the Procurement Officer. The Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

(2) Contractor’s Duties. Notwithstanding termination of the contract and subject to any directions from the Procurement Officer, the Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of the Contractor in which the State has an interest.

(3) Compensation. Payment for completed services delivered and accepted by the MSPB shall be at the contract price. The MSPB may withhold from amounts due the Contractor such sums as the Procurement Officer deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

(4) Excuse for Nonperformance or Delayed Performance. Except with respect to defaults of Subcontractors, the Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by the Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if the Contractor has notified the Procurement Officer within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a Subcontractor to perform or to make progress, and if
such failure arises out of causes similar to those set forth above, the Contractor shall not be deemed to be in default, unless the services to be furnished by the Subcontractor were reasonably obtainable from other sources in sufficient time to permit the Contractor to meet the contract requirements.

Upon request of the Contractor, the Procurement Officer shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled "Termination for Convenience." (As used in this Paragraph of this clause, the term "Subcontractor" means Subcontractor at any tier).

(5) **Erroneous Termination for Default.** If, after notice of termination of the Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

(6) **Additional Rights and Remedies.** The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

21.34 Third Party Action Notification

Contractor shall give MSPB prompt notice in writing of any action or suit filed, and prompt notice of any claim made against Contractor by any entity that may result in litigation related in any way to this agreement.

21.35 Unsatisfactory Work

If at any time during the contract term, the service performed or work done by the Contractor is considered by MSPB to create a condition that threatens the health, safety, or welfare of the citizens and/or employees of the State of Mississippi, the Contractor shall, on being notified by MSPB, immediately correct such deficient service or work. In the event the Contractor fails, after notice, to correct the deficient service or work immediately, MSPB shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the Contractor.

21.36 Waiver

No delay or omission by either party to this agreement in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy
hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this agreement shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this agreement will void, waive, or change any other term or condition. No waiver by one party to this agreement of a default by the other party will imply, be construed as or require waiver of future or other defaults.

Contractor shall require all subcontractors to submit these same certifications.

22.6 Procurement of Recovered Materials

RFP NO. 0126-15HM

The pricing included in the proposals will be graded on a points system. The maximum points available for pricing are 15 (fifteen). The lowest price submitted will receive the maximum score of 15 (fifteen). The lowest price offered in response to this RFP will then be divided by every other price offered, individually. This will produce a percentile for each proposal price. Each percentile will then be multiplied by the total available points (15 (fifteen)) to produce a score for each proposal price. Scores will be truncated at the thousandth decimal place.

Formula: \[
\text{(Lowest Price/Proposal Price)} \times 15 = \text{score}
\]

Proposal pricing will then be recorded in the RFP grading process according to the points awarded based on the above mentioned formula.

Example: Proposal Price A: $10,000
Proposal Price B: $12,000
Proposal Price C: $20,000
Proposal Price D: $9,950

Proposal D will receive the maximum 15 (fifteen) points as it is the lowest price submitted.

The scores for Proposals A, B and C are then calculated in the following manner:

- Proposal A: \[
\left( \frac{9,950}{10,000} \right) \times 15 = 14.925
\]
- Proposal B: \[
\left( \frac{9,950}{12,000} \right) \times 15 = 12.437
\]
- Proposal C: \[
\left( \frac{9,950}{20,000} \right) \times 15 = 7.462
\]
