

Check-in Exercise 3 Overview—Unit 4

Purpose

The purpose of this exercise is to provide students with an opportunity to begin tracking resources and to practice using two of the basic forms of documentation used in the Resources Unit (ICS Forms 201 and 211).

Objectives

Students will:

- Demonstrate proficiency in correctly completing ICS Form 211s.
- Identify information missing and needed to complete ICS Form 211s.

Exercise Structure

This exercise is scheduled to last approximately 45 minutes. Each group will receive an instruction form, an ICS Form 201, area maps, blank ICS Form 211s, and a mnemonics table. As a group, the students will ensure that all resources from the ICS Form 201 are checked in on an ICS Form 211. Once most resources from the ICS Form 201 have been checked in on the 211 (approx. 15 minutes), the Instructor will distribute an ICS Form 213 with additional resources to be checked in on the ICS Form 211. This will occur twice. Student will be lacking some needed information to complete the ICS Form 211s. After the 211s are completed, the students will be asked to identify the missing information and discuss where the information might be obtained.

Rules, Roles, and Responsibilities

Following are the specific activities / instructions for your participation in the exercise: Following are the specific activities/instructions for your participation in the exercise:

1. Within your work group, select a group spokesperson.
2. Review the scenario and the ICS Form 201. Using the resources summary as well as the mnemonics table in your book, check in the resources on the incident on the ICS Form 211.
3. The Instructor will then give you an ICS Form 213 with additional resources that need to be checked in. Use the ICS Form 211 to check them in. (This will happen twice.)
4. Throughout the exercise, identify any missing information that is necessary to complete the ICS Form 211. As a group, discuss where you could obtain the missing information.
5. Write the missing information and potential sources on an easel pad. Discuss with the larger group.

Exercise 3 Schedule

Activity	Duration	Participation Type
Exercise Introduction and Overview	5 minutes	Classroom
Discussion/Documentation	35 minutes	Small Group
Debrief/Review	5 minutes	Classroom

Exercise 3 Scenario

At 0400 hours on Monday, August 13 a freight train on the Great Atlantic & Pacific Railroad line (GA&P RR) derailed near the Roaring River in Central City in the state of Columbia. Ten cars of the 42 car freight train derailed. Of the 10 derailed cars, one is a tank car of gasoline another is a tanker of liquefied vinyl chloride, both of which were damaged. The gasoline car was ruptured and is leaking at a rate of about 20 gallons per minute. The gasoline is traveling down a hill toward the Roaring River approximately 100 feet away and the gasoline reaches the river before any responders reached the scene. The vinyl chloride car was punctured near the top and the vinyl chloride vapors are escaping from the tank car.

The first responders from Central City Fire (CO-CCF) and Police Departments (CO-CCP) arrive at 0415 hours and take action to assess and isolate the derailment. Nearby roads are closed and control points are established to keep the public away. Additional resources from the fire department arrive shortly after and begin an extinguishing effort. The Central City HAZMAT Team arrives and requests assistance from the regional team and the State.

The engines establish a water supply and operate water streams away from the spill to disperse vapors. The Unified Command requests a regional foam response. The GA&P RR representative arrives on site at 0500 hours and joins the Unified Command. After discussion with the other commanders she immediately arranges to bring in a contractor from Apple Valley to boom the stream and create a dike to confine the leaking gasoline, and vacuum equipment to recover the spilled fuel. A decision is also made to begin evacuating everyone within a half mile radius. Evacuated residents will be taken to the relocation center located at P Street and 35th Street about 2 miles south of the incident.

Regional fire, police and hazardous materials resources are requested. Air monitoring in the vicinity and at down wind locations have begun. An additional contractor is requested to set up an air sampling network and water sampling along the Roaring River.

The railroad's contractor (North Tree) from Apple Valley arrives on scene at approximately 0745 with a backhoe, a front-end loader, two booms with operators, and a HAZMAT crew. The railroad has also requested a crane to be brought in to move the undamaged cars, a Technical Specialist to evaluate methods to stop the releases, and a Public Affairs Representative.

The Liberty County Emergency Plan has been activated and the Central City and Liberty County EOCs opened to support the incident. Current conditions are 78°F with an expected high of 84°F. Winds are out of the northwest at 8 mph with a relative humidity of 66%.

You are B. Jensen. You were ordered as a Resources Unit Leader and assigned to this incident. It is 1130 hours and you have just arrived at the incident base. You have just attended the incident briefing and G. Montgomery, Planning Section Chief, has given you the Incident Briefing (ICS Form 201), which includes a summary of resources currently on scene. He requests you to begin setting up your Unit and tells you that your first priority is to check-in and identify all resources currently on the incident.

Use this space to take notes on the scenario.

Exercise 3 Question

1. What information needed to complete the ICS Form 211 is missing?

INCIDENT CHECK-IN LIST (ICS 211)

1. Incident Name:	2. Incident Number:	3. Check-In Location (complete all that apply): <input type="checkbox"/> Base <input type="checkbox"/> Staging Area <input type="checkbox"/> ICP <input type="checkbox"/> Helibase <input type="checkbox"/> Other					4. Start Date/Time: Date: _____ Time: _____
--------------------------	----------------------------	---	--	--	--	--	--

Check-In Information (use reverse of form for remarks or comments)

5. List single resource personnel (overhead) by agency and name, OR list resources by the following format:								6. Order Request #	7. Date/Time Check-In	8. Leader's Name	9. Total Number of Personnel	10. Incident Contact Information	11. Home Unit or Agency	12. Departure Point, Date and Time	13. Method of Travel	14. Incident Assignment	15. Other Qualifications	16. Data Provided to Resources Unit
State	Agency	Category	Kind	Type	Resource Name or Identifier	ST or TF												

ICS 211	17. Prepared by: Name: _____ Position/Title: _____ Signature: _____ Date/Time: _____
----------------	---

RESOURCE CHECK-IN

1. SINGLE RESOURCES:

- A. Provide an appropriate Manifest for the resource to Staging Manager or Resource Check-in recorder.
- B. Resource Unit creates or adds to the ICS 211 to show the single resource.
- C. Resource maintains its own ICS 214 for activities.

2. TASK FORCE OR STRIKE TEAM:

- A. Task Force Leader provides a Manifest for each unit in the Task Force or Strike Team including Leader's vehicle to Staging Manager or Resource Check-in recorder.
- B. Resource Unit creates or adds to the ICS 211 to show the Task Force or Strike Team information.
- C. Task Force/Strike Team Leader will maintain an ICS 214 for the activities of the units.
- D. Each Unit in the Task Force/Strike Team maintains its own ICS 214 as required by the Leader.

3. STAGING MANAGER:

- A. Uses manifests to select equipment and/or skills to fill requests from the Operations Chief or Incident Commander where incoming resources are reporting directly to Staging.
- B. Provides the manifests or copies to the Resource Unit Check-In Recorder to complete check-in.

4. RESOURCE UNIT: (Check-in/Status Recorder)

- A. Records check-in information on Check-in Lists ICS 211.
- B. Maintain and post the current status and location of all resources (T-Card)
- C. Attach the Manifests to the Resource T Card for quick reference or have them close at hand for special reference.
- D. Prepare and Maintain the Command Post display (to include organization chart and resource location and deployment.
- E. A Check-in/Status Recorder reports to the Resource Unit Leader and assists with the accounting of all incident-assigned resources.

NOTE: MANIFESTS ARE IN TRIPLICATE: LEADER COPY FOR ACCOUNTABILITY, STAGING COPY, RESOURCE COPY.
