

DISTRICT 5 HAZARD MITIGATION PLAN QUESTIONS & ANSWERS

Bidders are instructed to utilize Attachment B “Bid Form” for the submission of pricing in their response to IFB 07HMD5; however, this form does not provide a designation location or space for said price. Is there a specific location on this form where pricing information should be included? Additionally, please clarify if an itemized budget is required or if a lump-sum price is adequate.

If there is no space to add information, then you can create a sheet and label it Attachment B and put your information there. Additionally, you can submit a lump-sum pricing.
