Homeowners and renters are eligible to apply for home and personal property loans and may borrow up to \$100,000 to replace or repair personal property, such as clothing, furniture, cars, and appliances. Homeowners may apply for up to \$500,000 to replace or repair their primary residence.

Applicants may also be eligible for a loan increase of up to 20% of their physical damages, as verified by the SBA, for mitigation purposes. Eligible mitigation improvements include strengthening structures to protect against high wind damage, upgrading to wind rated garage doors, and installing a safe room or storm shelter to help protect property and occupants from future damage.

Disaster survivors should not wait to settle with their insurance company before applying for a disaster loan. If a survivor does not know how much of their loss will be covered by insurance or other sources, SBA can make a low-interest disaster loan for the total loss up to its loan limits, provided the borrower agrees to use insurance proceeds to reduce or repay the loan.

With the changes to FEMA’s Sequence of Delivery, survivors are now encouraged to simultaneously apply for FEMA grants and the SBA low-interest disaster loan assistance to fully recover. FEMA grants are intended to cover necessary expenses and serious needs not paid by insurance or other sources. The SBA disaster loan program is designed for your long-term recovery, to make you whole and get you back to your pre-disaster condition.

To apply online, visit SBA.gov/disaster. Applicants may also call SBA’s Customer Service Center at (800) 659-2955 or email disastercustomerservice@sba.gov for more information on SBA disaster assistance. For people who are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

The filing deadline to return applications for physical property damage is **July 21, 2025**. The deadline to return economic injury applications is **Feb. 23, 2026**.
