NFIP Specialist/Training Coord./WebMaster  
DHS - EP&R/FEMA Region IV  
Mitigation Division  
3003 Chamblee-Tucker Road  
Atlanta, GA 30341  
Phone: (770) 220-5436  
Fax: (770) 220-5450  
email: mary.blocker@dhs.gov

## **NFIP Map Contractor**

FEMA's map contractor reviews all floodplain studies, prepares maps for final production, and maintains archives of backup for all Flood Insurance Studies and computer models used to make the maps.

Please call the State NFIP Coordinator if you need to call the NFIP Map Contractor.

### **Requesting Flood Insurance Study Backup**

If you need to request backup material, contact the State NFIP Coordinator, FEMA Region IV, or check on FEMA's website. There are seven categories of backup materials, ranging from copies of topographic work maps to electronic copies of hydrologic and hydraulic models, and copies of individual Letters of Map Change to copies of user manuals for the computer models used by FEMA contractors. A fee is charged based on the materials requested and the time required to prepare and send the request.

### **FEMA Publications**

FEMA has a large number of publications about floodplain management, flood insurance, and post-flood mitigation. If you know the publication title or number, you may order by calling (800) 480-2520.

If you have access to the Internet, the easiest way to learn more is to go to FEMA's website, **[www.fema.gov](http://www.fema.gov)**, and click on Mitigation. In the banner, you'll see "library" which will take you to a layout from which you can select many different topics. Click on the "mitigation room" and a long list of publications will appear. Some of them can be viewed on-line, but many can be downloaded if you have Adobe Acrobat (available for downloading from the FEMA web site).

### **NFIP Map Orders**

FEMA Map Service Center  
P.O. Box 1038  
Jessup, MD 20794-1038  
Phone: (800) 358-9616  
Fax: (800) 358-9620

All requests for printed copies of effective Flood Insurance Rate Maps, Floodway Maps, and Flood Insurance Study Reports should be submitted to FEMA's Map Service Center. Other materials available through the Center can be viewed at the MSC web site, **[www.fema.gov/msc/](http://www.fema.gov/msc/)**.

### **NFIP Frequently Asked Questions**

Check out the FAQs posted on the NFIP page of FEMA's Internet web site, and submit your own questions to **[nfip@fema.gov](mailto:nfip@fema.gov)**
