Preface

The Mississippi Emergency Management Agency (MEMA) training program is a primary source of emergency management training for local and state emergency management professionals, first responders, and other stakeholders who partner prior to and during times of emergency in the state of Mississippi. To ensure that students attending courses supported by MEMA receive the highest quality instruction, instructors will be required to complete an application and submit necessary documents for each course requested. All prospective instructors will need to complete an application for consideration to instruct in the absence of MEMA personnel. In addition to the application, a resume, three letters of references, all identified training certificates, and currently issued state photo identification MUST be submitted with the application packet.

Upon receiving the application, the application will be reviewed by a team of Preparedness Directors, and the final determination on whether the instructor meets the criteria will be accessed by the State Training Officer (STO) and the Executive Director or Designee. The State Training Officer will notify all approved instructors and add them to the certified instructor list maintained by the Mississippi Emergency Management Agency. The STO will notify the unapproved applicant in writing of the area(s) that need improvement. The applicant may reapply after 90 days following a resolution of the area(s) of improvement. The applicant MUST submit all new documents requesting to be a contract trainer.

MEMA Certified Instructor Program

1. **SCOPE.** This Program document establishes the process for becoming a certified instructor for MEMA. In addition, this document provides the agency's intent and expectations to ensure all instructors are qualified and certified professionals representing this agency in the absence of MEMA personnel.

2. **APPLICABILITY.** This document applies to all certified instructors attached, assigned, or instructing under the auspices of the Mississippi Emergency Management Agency (MEMA).

3. **PROPOINENT AND EXCEPTION AUTHORITY.** The proponent for this document is the Office of the Preparedness. The proponent has the authority to approve exceptions to the content herein consistent with established industry formats and requirements.

4. **PURPOSE.** The purpose of this document is to identify, certify, and provide a list of qualified candidates to instruct State level courses outlined in the Federal Emergency Management Agency (FEMA) guidelines in the absence of MEMA personnel. MEMA personnel are assigned to provide and coordinate resources in times of emergencies and disaster, which may leave a gap in continuing instruction to stakeholders. This cadre of certified instructors will fill the capability gap in the absence of MEMA personnel.

5. **GENERAL INSTRUCTOR QUALIFICATIONS.**

The following are general qualifications required of **ALL** MEMA certified instructors. Potential applicants will be vetted by MEMA's Preparedness Directors to ensure qualifications are satisfied. In addition, all potentially qualified instructors must provide the following:

- **a.** Certified instructor application.
- **b.** Resume.
- **c.** Three letters of reference.
- **d.** Current Photo /Identification card (No driver's license).
- **e.** Successful completion of the E/L/K 449 ICS Train-the-Trainer course (no substitutions).
- **f.** Successful completion of the E/L/G 141 Instructional Presentational and Evaluation Skills course, no substitutions.

10 June 2021
g. Successful completion of the course(s) for which the application is being submitted to instruct. Training certificates document this, and there are no substitutes for classes.

h. Must have successfully instructed requested course more than five (5) times with positive feedback and provide documentation.

i. The instructor must be extremely proficient with the course material and activities.

j. The instructor must be extremely proficient and capable of using audio-visual equipment.

k. Be proficient with MEMA's training portal for tracking courses, certificates, and to assist students when registering for courses.

l. The instructor must sign a statement stating the course will be instructed according to the guidelines and instructional hours identified by the Federal Emergency Management Agency.

6. **SELECTION OF INSTRUCTORS.** Applicant approval does not guarantee routine training opportunities. As requested courses become available, MEMA will utilize the instructor database as a primary source for qualified and vetted instructors, pending no MEMA instructors are available.

7. **COURSE AUDITS.** Select MEMA preparedness personnel will periodically attend training to ensure that all courses being taught meet or exceed the agency's expectations. These periodic audits may be unannounced, or MEMA preparedness personnel may notify the instructor and course host of their attendance prior to arrival. In addition, audits may be random or follow up on previous comments identified through the course evaluation tool.

8. **INSTRUCTOR CANCELLATION.** Once an instructor is selected and agrees to conduct a course, it is expected that they will keep that assignment. However, MEMA understands that circumstances may arise that prohibit a scheduled instructor from conducting a course. Therefore, the instructor must provide as much notice as possible to the agency State Training Officer if they cannot instruct a course. This will help to avoid class cancellation and may allow enough time to find a replacement instructor.

If an instructor cancels two times in a given year, they will be temporarily removed from the certified instructor list for one year following the cancellation. Once that year is up, the instructor must notify the State Training Officer of their interest in being reinstated to the list of certified instructors. After that, the application process will start over as a new contract instructor.
9. COURSE COMPLETION. Instructors conducting classes should coordinate with the Office of Preparedness to ensure the following documents are sent within 15 days of course completion:

a. Sign-in sheets for each day of class (originals preferred, but copies may be accepted).

b. All evaluation forms completed by students, if in-person and via a virtual platform, if a virtual class is conducted.

c. Exams for students when applicable.

d. Extra student manuals and support documents that were not used.

It is preferred the course instructor scan and email sign-in sheets, evaluations, and exams to the Office of Preparedness at preparedness@mema.ms.gov. If it is not possible to scan and email, please send the above documents and supporting materials to:

Mississippi Emergency Management Agency
Attn: Office of Preparedness
#1 MEMA Drive
Pearl, MS 39208

Course completion material must be received in the Office of Preparedness within 15 days. If a reasonable explanation is not provided, the instructor may subject to suspension from instructing. The suspension could be up to 90 days at the discretion of the STO.

10. COURSE MATERIALS. For in-person courses supported by MEMA, the student manuals will be uploaded on the Mississippi Emergency Management Agency website under course material for the student to download.

If a course is conducted virtually, the student manuals will be provided electronically prior to the start of the class. They will also be provided as a file in the virtual learning platform.

Instructors will NOT need to print or bring student manuals but are expected to have their hard copy instructor manual.

The instructor will receive the course activity materials to utilize for the course.

To request an instructor manual, please contact the State Training Officer at: preparedness@mema.ms.gov.
MEMA Certified Instructor Program

MEMA will generate a standardized course completion certificate after the course is complete, and the sign-in sheets from the instructor are provided to the Office of Preparedness.

Certified instructors may be asked to periodically deliver courses to students of various backgrounds, including, but not limited to; Law Enforcement, Fire, Emergency Management, Public Health, and Hospitals, etc. Those who attend courses must receive the best instruction and curriculum possible to effectively plan for and respond in a time of an emergency.

11. CODE OF CONDUCT. Listed below is an overview of the MEMA certified instructor code of conduct expectations. This list provides for the conduct and professionalism that is expected at all times while instructing for MEMA:

a. Instructor Expectations.

(1) Instruct no less than 90% of the course as listed in this Program.

(2) Ensure that students attend at least 90% of the course.

(3) Instructors must confirm that students have completed the required prerequisites on day one of the course.

(4) Instructors MUST grade the test, when applicable, and send a score sheet for all students whether they passed or failed the course.

(5) Contact the Office of Preparedness staff immediately if there are any student or course-related issues.

(6) Instructors should communicate directly with the course location host to ensure that all audio-visual equipment and room setup are in place before the in-person instructing.

(7) For virtual training, the instructor MUST have the proper virtual accounts to instruct, in accordance with what MEMA is currently utilizing.

(8) Instructors MUST use their own equipment to instruct courses unless MEMA is requesting you as an instructor.

(9) Refrain from public criticism of students, other instructors, FEMA, or MEMA staff.
(10) Be considerate of students and treat them with respect and dignity, regardless of gender, place of origin, race, physical or mental disabilities, sexual orientation, religion, political beliefs, or economic status.

(11) Be prepared for each course.

(12) Start and end courses and all breaks at scheduled times.

(13) Be available during the course hours for student questions, and if you cannot answer a question, refer students to appropriate MEMA staff or the State Training Officer.

(14) Respond as promptly as possible to student requests, questions, or comments relevant to the course.

(15) Never penalize a student for raising a legitimate complaint about the course, as long as that complaint is raised appropriately and civilly. Advise the student to write the complaint on the course evaluation form so MEMA staff can take appropriate action.

(16) Ensure each student completes all course-related activities/exercises and participates fully in each course; failure to abide by this expectation may result in course failure.

(17) Refrain from inappropriate jokes, comments, and profane, insulting, harassing, or otherwise offensive language.

(18) Refrain from using multi-media, audio, or video demonstration that contains inappropriate language or content.

(19) Instructors are expected to dress in business casual attire (i.e., slacks, skirts, and collared shirts).

(20) Under no conditions are t-shirts, hats, jeans, shorts, tank tops, flip-flops, or tennis shoes to be worn while instructing.

b. Professionalism. Instructors shall follow and promote honesty, courtesy, capability, personal development, accuracy, and the exchange of knowledge when dealing with students, other instructors, the public, employers, and the educational training agency. The instructor shall adhere to the following principles:

(1) Conduct a safe instructional experience that meets the course objectives and embraces community safety.
(2) Train emergency services personnel to perform to the best of their ability and competency.

(3) Serve the profession with honor.

(4) Conduct themselves in a manner that will command respect and confidence.

(5) Present only those principles, practices, and information, which represent accepted state and national standards.

(6) Attend recognized training courses, seminars, workshops, or conferences at least once a year to increase knowledge and improve instructional skills.

c. **Course Duties.**

(1) **Arrival** – Instructors should arrive at least 30-60 minutes prior to the course to become familiar with the classroom arrangement and meet with other instructors to adjust to last-minute changes or updates.

(2) **Verify Prerequisites** – Some courses may require that students complete additional training prior to taking the course being instructed. Therefore, instructors should verify that students have completed the required pre-requisites before the class or should not be permitted to attend the course.

(3) **Opening Course** – Instructors are responsible for opening the course. During the course opening, emergency exits must be identified along with other housekeeping information such as restroom locations, break locations, the use of electronic devices, smoking areas, and anything else pertinent to the course location.

(4) **Instruction** – Please limit personal stories and additional information; otherwise, the consistency of the course will change. Personal examples are certainly welcome, but make sure you use examples from various disciplines (emergency management, law enforcement, school officials, public health, volunteer organizations, etc.). Instructors are responsible for making sure they use and follow the materials provided by MEMA. For classes with multiple instructors, all instructors should be present to assist during the entire class. Please incorporate an all-hazards approach in the curriculum delivery as examples and scenarios (i.e., terrorism, earthquakes, floods, etc.). Students are required to attend all course sessions; failure to do so may result in failure of the course, and it is the instructor's discretion on whether or not to allow a student to miss a portion of the course due to an emergency. However, if a student misses more than 10% of the course, the student will be required to retake the course.
(5) **Breaks** – Instructors will coordinate student lunch and breaks.

(6) **Grading Exams** – For courses with a final exam, instructors should grade exams prior to dismissing students.

(7) **Evaluations** – Students should evaluate the course when completed; they should complete the assessment before taking the test (if the course requires a test). For in-person training, instructors should review the evaluations prior to leaving at the end of the course, but please wait until all students have exited the room. The instructor must return the course evaluations to the Office of Preparedness. Virtual training evaluations will be completed electronically.

12. **INSTRUCTING PLATFORMS.** MEMA offers courses in-person and virtually to ensure the whole community's needs are met. The platforms that MEMA utilizes are ZOOM and Microsoft Teams. All contract instructors will need to have a ZOOM account, and a Microsoft Teams account to instruct virtually. The instructor will be responsible for making sure all students are ready for the virtual learning platform.

For courses conducted via a virtual platform, the outlined expectations and duties are the same. This Program can be found at: [https://www.msema.org/](https://www.msema.org/).

13. **FORMS OF COMPLETION.** Only complete applications will be reviewed and considered for approval. **Therefore, please ensure that you complete and attach all of the following forms to your application packet, in the order listed below:**

   a. Instructor Application Form (*be sure to complete all sections*).

   b. A resume and/or a description of how you qualify for the classes you seek approval to instruct (*requirements listed under each course*). Also, include information on successfully instructing adult learners.

   c. Copy of current Photo/Identification card (No driver's license).

   d. Proof of completion of a formal instructor training (E/K/L/G 449) and instructional skills course (E/K/L/G 141) course and document.

   e. Three letters of reference validating your instructing experience.

   f. Certificates required for each course listed in the section "Courses Instructors May Apply For" (*FEMA transcripts will be accepted in lieu of actual independent study course certificates if certificates are unavailable*).
The above documents and supporting materials must be scanned and emailed to preparedness@mema.ms.gov. Hard copies will not be accepted.

MISSISSIPPI EMERGENCY MANAGEMENT AGENCY
INSTRUCTOR APPLICATION FORM

By completing and signing this form, I hereby certify that I meet the criteria described in this Program and will adhere to the listed guidelines and the MEMA-certified instructor code of conduct. In addition, if MEMA selects me as an instructor, I agree to have my name posted on the MEMA training website/flyer as an instructor for the course(s) for which I'm approved, if applicable.

Instructor evaluations are part of every course; these evaluations may include student, peer, or other evaluation methods selected by MEMA. At its sole discretion, the State Training Officer reserves the right to remove any instructor from the list of approved instructors that receive poor evaluations for any reason or is otherwise deemed unfit for instruction. No monetary support from any organization/stakeholders will be given to the instructor that represents MEMA.
