## 1. INTRODUCTION.

**a. Purpose.** ESF #15 provides accurate, coordinated, timely, and accessible information to affected audiences, including governments, media, the private sector, and the local populace, including children; those with disabilities and others with access and functional needs; and individuals with limited English language proficiency.

(1) During a crisis or emergency, ESF #15 will disseminate information to the public and the news media during natural, technological, health-related, or man-made emergencies.

(2) During non-crisis times, ESF #15 will disseminate information on all aspects of emergency management that includes preparedness, response, recovery, and mitigation.

The success of this effort requires the coordination, pooling, and networking of both available and obtainable external affairs/public messaging resources provided by state agencies, local government entities, voluntary organizations, or other providers.

The term “obtainable” means other necessary resources that must be acquired through contract, lease, purchase, mutual aid agreements, or otherwise from outside the inventory or control of participating agencies. These resources may be in such forms as facilities, personnel, equipment, materials, supplies, consulting services, technical assistance, or others.

**b. Scope.** The basis of the ESF #15 mission revolves around the four tenets of emergency management: preparedness, response, recovery, and mitigation.

(1) **Preparedness.** The Mississippi Emergency Management Agency (MEMA) Public Information Officers (PIOs) and other state agencies or non-profit organization’s PIOs support will implement a public information program. This includes planning and directing public preparedness campaigns for such items as severe weather, earthquakes, hurricanes, flooding, radiological emergencies, and tornadoes. The MEMA PIO will update and monitor the agency’s website and social media platforms and provide a link to the Federal Emergency Management Agency’s (FEMA) website to read the most up-to-date information on preparedness activities in English, Spanish, any other languages necessary.

The MEMA PIO also activates the State Joint Information Center (JIC) within the State Emergency Operations Center (SEOC).

(2) **Response.** ESF #15 will publicize response activities that directly assist affected communities. Such activities include shelter and feeding locations, road closure information, boil water notices, school closings, public health, mental health, environmental hazards, and any other type of information necessary to assist citizens during an emergency. MEMA PIOs also assist the State Warning Point (SWP) in disseminating Emergency Alert Systems (EAS) and Wireless Emergency Alert (WEA) messages.

(3) **Recovery.** ESF #15 will respond to inquiries for damage assessment information and publicize disaster declarations. ESF #15 will support recovery operations through the SEOC, local

Emergency Operations Centers (EOCs), and Federal Emergency Management Agency (FEMA) Joint Field Office (JFO), as needed.

**(4) Mitigation.** ESF #15 will publicize MEMA’s projects and accomplishments in mitigation.

If local government external affairs/public messaging capabilities or resources become overwhelmed and unable to meet emergency or major disaster needs, ESF #15 will be activated to support those affected. This support will be provided in accordance with the State Comprehensive Emergency Management Plan (CEMP) and the National Response Framework (NRF).

If federal ESF #15 is activated to assist local, state, tribal governments, the primary agency for overall coordination of federal resources is the Department of Homeland Security (DHS)/FEMA.

**2. RELATIONSHIP TO THE WHOLE COMMUNITY.** This section describes how ESF #15 relates to other elements of the whole community.

**a. Individuals/Community Organizations.** The public, both individuals and community organizations, have an important role in assisting with the rapid dissemination of information, identifying unmet needs, and mutual support.

**b. Local, State, and Tribal Governments.** Local, state, and tribal authorities retain the primary responsibility for communicating health and safety instructions for their population. Nothing in this annex limits the authority of these authorities to release information regarding an incident under their jurisdiction, particularly if it involves immediate health and safety issues. In the unlikely event that local, state, and tribal governments cannot perform these responsibilities, the state may provide vital operational health and safety information to the affected population. Nothing in this document should be construed as diminishing or usurping those responsibilities.

**c. Private Sector/Non-Governmental Organizations.** The private sector is a component of external affairs. Coordinated communication and collaboration with the private sector supports effective incident response by integrating private sector capabilities and information into response operations. Information must be coordinated across various levels of government to identify needs, convey resources available for business recovery, and facilitate collaborative support for economic recovery.

**3. CORE CAPABILITIES AND ACTIONS.** This section outlines the ESF roles aligned to core capabilities. The following table lists the response core capability that ESF #15 most directly supports, along with the related ESF #15 action. Though not listed in the table, all ESFs, including

ESF #15, support the Core Capabilities of Planning, Operational Coordination, and Public Information and Warning:

Core Capability	ESF #15 – External Affairs
<p><b>Public Information and Warning</b></p>	<p><b>External Affairs</b></p> <ul style="list-style-type: none"> <li>• Provide accurate, coordinated, and timely information to affected audiences during incidents requiring a coordinated state response.</li> <li>• Provide communications support and advice to the leaders during an incident.</li> <li>• Conduct communications planning.</li> <li>• Coordinates messages with local, state, tribal, and federal governments from a JIC.</li> <li>• Gather information on the incident.</li> <li>• Provide incident-related information through the media and other sources in accessible formats and multiple languages to individuals, households, businesses, and industries directly or indirectly affected by the incident, including those with disabilities and others with access and functional needs.</li> <li>• Monitors news coverage to ensure that accurate information is disseminated.</li> <li>• Disseminates incident information to news media (official Websites, social networking platforms) to ensure the most expansive delivery of life-saving information.</li> <li>• Maximizes the use of video and digital imagery to communicate during incidents.</li> <li>• Handle appropriate special projects, such as news conferences and press operations, for government officials, dignitaries, and news media incident area tours.</li> <li>• Provides basic services, such as communications and supplies, to assist the news media in disseminating information to the public.</li> <li>• Oversee media relations.</li> <li>• Ensure effective communication of incident information to individuals with disabilities and others with access and functional needs with appropriate auxiliary aids and services, such as sign language and other interpreters; captioning of audio and visual materials, and accessible website communications.</li> </ul>

Core Capability	ESF #15 – External Affairs
<p><b>Public Information and Warning cont.</b></p>	<ul style="list-style-type: none"> <li>• Establish contact with congressional offices representing affected areas to provide information on the incident.</li> <li>• Respond to congressional inquiries.</li> <li>• Disseminate information with the assistance of state municipal leagues, county associations, and tribal governments.</li> <li>• Ensure the Mississippi Band of Choctaw Indians' (MBCI) inclusion in all aspects of incidents requiring a coordinated state response that affects MBCI and incident response operations.</li> <li>• Educate the public in the aftermath of an incident requiring a coordinated State response through news advisories, press releases, prepared materials, fliers, and talking points.</li> <li>• Develop new media products for dissemination, such as blog posts, social media messages, updates, videos, and digital imagery.</li> <li>• Provide strategic counsel and guidance to response leadership in actual or potential incidents.</li> <li>• Conduct outreach and education;</li> <li>• Promote operational integration with the impacted private sector entity to support local economic response and recovery.</li> <li>• Support situational awareness by engaging the private sector in information-sharing efforts.</li> </ul> <p><b>Joint Information Center.</b></p> <ul style="list-style-type: none"> <li>• Serve as a central point for coordination of incident information, public affairs activities, and media access to information regarding the latest developments.</li> </ul> <p><b>Incident JIC.</b></p> <ul style="list-style-type: none"> <li>• The physical location where all public affairs professionals involved in the response work together to provide critical emergency information, media response, and public affairs functions.</li> </ul> <p><b>Virtual JIC.</b></p> <ul style="list-style-type: none"> <li>• Link all participants through technological means (secure or non-secure) when geographical restrictions, incident management requirements, and other limitations preclude physical attendance by public affairs leadership at a central location.</li> </ul>

#### **4. POLICIES.**

**a.** Through the SEOC, MEMA will maintain overall direction, control, and coordination of the response and recovery efforts through coordination with all participating agencies to include federal agencies tasked by FEMA.

**b.** All state agencies/departments will appoint a PIO to work in conjunction with MEMA/ESF #15, other state agencies, and federal agencies in an emergency external affairs/public messaging capacity at the SEOC JIC, or virtually, incident dependent.

**c.** The ESF #15 primary Emergency Coordinating Officer (ECO) will coordinate with all appropriate agencies/departments and organizations to ensure operational readiness in time of emergency.

**d.** If state emergency external affairs/public messaging resources either have been exhausted or are expected to be exhausted before meeting the demand, the ECO for ESF #15 will recommend that assistance be requested from other states through the Emergency Management Assistance Compact (EMAC) or from FEMA.

**e.** State PIOs will coordinate from the SEOC/JIC or virtually, incident-dependent. However, a catastrophic event may require establishing an additional forward coordination element at a facility near the impacted area.

**f.** State external affairs/public messaging planning considers local, state, and tribal external affairs policies, procedures, and plans used in public messaging

#### **5. CONCEPT OF OPERATIONS.**

##### **a. Assumptions.**

(1) Existing state telecommunications infrastructure will provide the primary means for state government communications.

(2) All state agencies will perform tasks under their authority, as applicable, in addition to missions received under the authority of MEMA.

(3) Most emergencies and disasters involve damage to property to some extent. Roads, bridges, public utility systems, public and private buildings, homes, and other facilities will have to be inspected, either cleared for use, reinforced, quarantined, or demolished to ensure safety.

(4) Before requesting EMAC or federal assets, all available local, private, semi-private, and state resources will be deployed through the State Mutual Aid Compact (SMAC) to the maximum extent possible.

(5) State or federal assistance may be required to identify and deploy resources from outside the affected area to ensure a timely, efficient, and effective response and recovery.

(6) Numerous volunteering entities, both governmental and non-governmental, may mobilize personnel, supplies, and equipment to affected areas with neither coordination nor communication with the SEOC or deployed elements.

**b. General.**

(1) MEMA will keep all responsible agencies informed of impending conditions (incident developments, weather, hazardous materials, or other events) that would cause them to assume a readiness posture for activating the SEOC and possible deployment to a forward area operation or other activity.

(2) When ESF #15 is activated, ESF #5 and other appropriate support ESFs will be activated to support the event. ESF #15 will continually assess and develop action plans for ESF #5 to ensure all supporting agencies function appropriately and in a coordinated manner.

(3) ESF #15 will disseminate information through the JIC in the SEOC in Pearl. The JIC will be staffed by primary and support state agency PIOs. If necessary, a Virtual JIC will be utilized if colocation is not feasible.

(4) The scope of information that must be provided could exceed the resources of a single state agency. Support from state agency communicators is critical, and all information must be disseminated from a central source, the JIC at the SEOC.

(5) ESF #15 will coordinate with local counterparts when disseminating information about state activities and seek assistance from local public information officers to confirm reports about local actions.

(6) In the event of a Grand Gulf Nuclear Station (GGNS) or River Bend Nuclear Station (RBS) incident, nuclear company officials will staff the JIC at the SEOC and be a part of emergency messaging. Detailed descriptions of the PIO roles and responsibilities during a nuclear incident are outlined in the GGNS and RBS Standard Operating Procedures (SOPs), which are on file at MEMA.

(7) In the event that state agencies PIOs are working in a JIC, it will be a combined effort in determining which messages are released to the public and the media. MEMA will take the lead coordinating role in such specifics as message mapping, news releases, media interviews, and all printed promotional material to ensure that Mississippians are receiving the most timely information regarding recovering from a disaster or emergency of any type.

(8) Copies of the MEMA External Affairs SOP and the JIC Operations Plan are on file at MEMA.

(9) Local officials and managers should channel their requests for assistance where possible through county EOCs.

(10) Local officials must conduct an initial damage assessment to determine the severity and magnitude of property damage in quantity, community impact, and dollar amount. These results will be reported to the SEOC, where appropriate response actions will be initiated. Where possible, such communication should be routed through the jurisdiction's county EOC.

(11) MEMA will provide public information to evacuees through the SEOC/JIC, Mississippi Public Broadcasting (MPB), and commercial broadcast media.

(12) Working in coordination with the SEOC and SWP, the JIC will release special weather statements and warnings provided by the National Weather Service (NWS) to emergency workers and the general population. These releases will be made through the normal ESF #15 release networks, SWP AtHoc mass notifications, and additionally provided to emergency work sites, staging areas, and other incident support sites as needed.

(13) MEMA coordinates EMAC with other states for the augmentation of resources.

**c. Notification.**

(1) The SWP will notify the ESF #15 primary ECO and/or designee of incidents that may require the SEOC to become activated. The ECO will inform key state agency PIOs of the potential incident through appropriate means.

(2) When the SEOC is activated, the ECO will notify all state agency PIOs and alert them of impending public information operations.

(3) The ECO or assigned designee will request that each agency's designated PIO report to the SEOC, as needed, to staff the JIC or virtual JIC in coordination with the MEMA Lead PIO.

The JIC will not be activated without the MEMA Lead PIO's, MEMA Executive Director's, or Governor's approval.

**d. Special Needs Public Affairs Support.** It is the mission of ESF #15 to ensure that all Mississippians, regardless of their language, culture, or disability, receive disaster preparedness and response information. During crisis and non-crisis events, ESF #15 will make all efforts possible to reach special and diversified populations within the state. Such efforts will include but are not limited to:

(1) Providing disaster preparedness information in more than one language through the MEMA and FEMA websites.

(2) Utilizing sign-language interpreters at emergency news conferences.

(3) Maintaining contact with non-English publications and broadcast stations to ensure their information needs are being met and providing links on the MEMA website that visually impaired individuals can access.

(4) Contracting with individuals to ensure that news releases are properly translated from English or that other special-needs populations receive the most up-to-date information possible.

## **6. ORGANIZATION.**

**a. State Emergency Operations Center.** In an incident or a major declared state emergency, the ESF #15 ECO or the ESF #15 emergency coordination staff will support the SEOC virtually or take up positions at the SEOC/JIC, situationally dependent. A current list of agency emergency notifications is maintained at this facility.

ESF #15 is not assigned to a SEOC Branch and usually works directly with the Operations, Planning, Logistics, Finance and Administration sections, Command and General Staff (C&GS), Executive, and Governor's Office.

**b. SEOC Emergency Point of Contact.** The MEMA State Warning Point (SWP) within the SEOC operates 24/7/365. The SWP is manned by Emergency Telecommunicators and an Operations Section Watch Officer. Emergency contact info is as follows:

(1) **SWP Emergency Telecommunicator(s):**

(a) **Phone:** (601) 933-6876, 6877, 6878 or (800) 222-6362

(b) **E-mail:** [commo1@mema.ms.gov](mailto:commo1@mema.ms.gov), [commo2@mema.ms.gov](mailto:commo2@mema.ms.gov), or [commo3@mema.ms.gov](mailto:commo3@mema.ms.gov)

**(2) Operations Section Watch Officer:**

(a) **Phone:** (601) 933-6671 or (800) 222-6362

(b) **E-mail:** [watchdesk@mema.ms.gov](mailto:watchdesk@mema.ms.gov)

**c. SEOC Sections.** The SEOC maintains the standard four ICS sections.

**(1) Operations Section.** The Operations Section establishes strategy (approach methodology, etc.) and specific tactics/actions to accomplish the goals and objectives set by Command. Operations coordinates and executes strategy and tactics to achieve response objectives.

**(2) Planning Section.** The Planning Section coordinates support activities for incident planning and contingency, long-range, and demobilization planning. Planning supports Command and Operations in processing incident information and coordinates information activities across the response system.

**(3) Logistics Section.** The Logistics Section supports Command and Operations in their use of personnel, supplies, and equipment. Performs technical activities required to maintain the function of operational facilities and processes.

**(4) Finance and Administration Section.** The Finance and Administration Section supports Command and Operations with administrative issues and tracks and processes incident expenses. This includes such issues as licensure requirements, regulatory compliance, and financial accounting.

See the SEOC Operations Section Chief (OSC) or a SEOC Branch Director for a roster of assigned Section Chiefs.

**d. SEOC Branch Directors.** The SEOC maintains three branches within the Operations Section, Infrastructure, Emergency Services, and Human Services, each led by a Branch Director. The Branch Director positions are manned full-time by MEMA Emergency Management Specialists. The Branch Directors coordinate the activities of all sixteen ESFs and support entities and are the first line of support for assigned ECOs. The Branch Directors monitor and oversee branch administrative and incident activities, WebEOC actions, SITRoom updates, branch

adherence to timelines and requirements, support ECOs with incident coordination, and conduct SEOC staff briefings, as needed.

(1) Infrastructure Branch Director desk contact information: Phone (601) 933-6737, e-mail: [infrastructure@mema.ms.gov](mailto:infrastructure@mema.ms.gov).

(2) Emergency Services Branch Director contact information: Phone (601) 933-6753, e-mail: [emergencyservices@mema.ms.gov](mailto:emergencyservices@mema.ms.gov).

(3) Human Services Branch Director contact information: Phone (601) 933-6764, e-mail: [humanservices@mema.ms.gov](mailto:humanservices@mema.ms.gov).

**e. Primary ESF #15 ECO.** MEMA’s External Affairs Director will serve as the primary ECO for ESF #15 and will oversee the information flow to the media/public by coordinating all PIO activity. The MEMA Emergency Action Officer (EAO) is responsible for initiating the actions required to implement and organize ESF #15. MEMA’s PIO will serve as the Deputy ECO and assume duties as assigned.

**f. SEOC Situation Rooms.** MEMA developed the Homeland Security Information Network (HSIN) Situation Rooms (SITRooms) to provide stakeholders with a virtual EOC platform to utilize during normal operations or an incident. The SITRooms provide excellent situational awareness for both SEOC and non-SEOC participants. The SITRooms have individual pods with attendee lists, chat capability, current incident priorities and objectives, current operational schedule and meeting times (battle rhythm), downloadable documents and maps, useful links, and video capability.

The event SITRooms utilized by the SEOC for a given event will use one of the following URLs:

<https://share.dhs.gov/msema> (Daily SITRoom: Level IV Normal Operations)

<https://share.dhs.gov/mema-incident> (General Incident SITRoom)

<https://share.dhs.gov/mema-incident1> (Severe Weather/Flooding SITRoom)

<https://share.dhs.gov/mema-incident2> (Hurricane/Tropical Storm SITRoom)

<https://share.dhs.gov/mema-incident3> (Other Emergency/Earthquake SITRoom)

<https://share.dhs.gov/mema-uas> (Unmanned Aerial Systems [UAS] SITRoom)

<https://share.dhs.gov/mrp> (Radiological SITRoom)

<https://share.dhs.gov/jicroom> (JIC SITRoom)

<https://share.dhs.gov/ms-emas> (EMAC SITRoom)

<https://share.dhs.gov/msbeoc/> (MSBEOC SITRoom)

Many of the above-listed SITRoom may not be active during “blue-sky” or non-event periods. The active SITRooms will be published via mass notification before or during an event/incident.

**g. Administrative and Logistical Support.** All participating ESF #15 agencies are expected to:

(1) Coordinate their support with the ESF #15 ECO.

(2) ESF #15 ECO will coordinate efforts with the SEOC Section Chiefs.

(3) Locate, identify, and set up their operational work areas and maintain logistical support for them.

(4) Maintain active accounts and have a working knowledge of WebEOC, the SEOC HSIN SITRoom, and Crisis Track.

(5) Attend and support briefings and other coordination meetings, whether at the SEOC, via telecommunications (HSIN SIT Room, ZOOM, or Microsoft Teams), or elsewhere.

(6) Maintain operational logs, messages, requests, and other appropriate documentation for future reference.

(7) Maintain maps, displays, status reports, and other information not included in the ESF #5 operations.

(8) Update the SEOC OSC on changes to the ESF #15 ECO/PIO Roster.

## **7. RESPONSIBILITIES AND ACTIONS.**

**a. Coordinating and Primary Agencies.** As the Coordinating Agency for ESF #15, MEMA is overall responsible for ESF #15. However, all ESF #15 primary agencies are also responsible for, but not limited to, the following:

**(1) Preparedness.**

(a) Provide a list of ECOs and PIOs that will carry out the Comprehensive Emergency Management Plan (CEMP) virtually or at the SEOC/JIC.

(b) In conjunction with support agencies, develop and maintain a Standard Operating Procedure (SOP) for this ESF #15 External Affairs Annex.

(c) Maintain access to all SEOC personnel, systems, and documentation, including but not limited to WebEOC, HSIN SITRooms, CEMP and associated Annexes and Appendices, the MEMA Response Framework, and all SEOC policies and procedures.

(d) Ensure all agencies with ESF #15 responsibility have SOPs in place to perform appropriate levels of mitigation, preparedness, response, and recovery related to the event. Agencies will have completed mitigation and preparedness activities before the initiating event.

(e) Ensure ESF #15 elements are familiar with and operate according to the Incident Command System (ICS).

(f) Train and exercise ESF #15 personnel.

(g) Designate an ECO, alternate ECO, Public Information Officer (PIO), and an ESF #15 liaison to report to the SEOC or support virtually.

**(2) Pre-Incident.**

(a) MEMA will develop and maintain alert and notification procedures for key PIO officials supporting ESF #15.

(b) Provide an ECO (and alternate if 24-hour coverage is necessary) and ESF #15 liaison to the SEOC.

(c) Notify support agency and partners on activation as needed and minimal staffing requirements.

(d) Conduct preliminary staff meeting with complete ESF #15 team assigned to establish strategies for approaching incident(s).

**(3) Incident.**

(a) Upon activation of ESF #15, ECO will communicate pertinent information to all ESF #15 members. Such information will be a complete orientation of the ESF #15 mission, purpose, and scope of work.

(b) Maintain information on private, public, and supplementary external affairs and public information resources outside the state.

(c) Ensure adequate communications are established and maintained.

(d) Obtain an initial situation and damage assessment through established intelligence procedures.

(e) Oversee the critical function of media relations.

(f) Coordinate messages and news releases with local, state, tribal, and federal governments.

(g) Gather information on the incident.

(h) Use a broad range of resources to disseminate information.

(i) Monitor news coverage to ensure that accurate information is disseminated;

(j) Schedule news conferences & update state agency websites and social media;

(k) Establish contact with state and congressional offices representing affected areas to provide information on the incident.

(l) Arrange for an incident site or SEOC visit for governmental leaders and their staff.

(m) Respond to legislative/congressional inquiries.

(n) Answer questions from members of the public who call in on the emergency public information line.

(o) Should a rumor be identified, the appropriate answer will be provided by SEOC staff and then shared with all JIC members.

(p) Be conscious of rumor patterns. More than three calls on the same general subject should be brought to the attention of the ESF #15 ECO.

- (q) Coordinate the distribution of assets as needed.
- (r) Maintain a complete log of actions taken, resource orders, records, and reports.
- (s) Provide Situation Report (SITREP) and Incident Action Plan (IAP) input, via WebEOC and appropriate ICS Forms, according to the established operational timeline, event-specific.
- (t) Coordinate the efforts through a liaison to ESF #5.
- (u) Assist in gathering and providing information to ESF #5 for establishing priorities.
- (v) Assist in compiling and providing information to ESF #15/JIC for press releases.
- (w) Participate in post-incident assessments of public works and infrastructure to help determine critical needs and potential workloads.
- (x) ESF #15 may be asked to provide the Joint Field Office (JFO) personnel to work closely with their federal counterparts at the established JFO(s) and in the field.

**(4) Post-Incident.**

- (a) Prepare an After-Action Report/Improvement Plan (AAR/IP). The AAR/IP identifies key problems, indicates how they will be/were solved, and makes recommendations for improving ESF response operations.
- (b) All ESF #15 organizations assist in the preparation of the AAR/IP.
- (c) Submit AAR/IP to [infrastructure@mema.ms.gov](mailto:infrastructure@mema.ms.gov) and [planning@mema.ms.gov](mailto:planning@mema.ms.gov).
- (d) Review and recommend revision to plans and procedures as determined necessary.
- (e) Copy, catalog, and properly file all records and documents on the incident.
- (f) Compare ESF #3 staff records with MEMA network tasking and tracking system to assure accuracy.

**b. Supporting Agencies.** All designated support agencies shall provide an individual to serve in the JIC in a capacity as assigned by the ESF #15 ECO. Responsibilities include, but are not limited to, the following:

(1) Maintain access to all SEOC personnel, systems, and documentation, including but not limited to the Infrastructure Branch Director, WebEOC, HSIN SITRooms, Crisis Track, CEMP and associated Annexes and Appendices, the MEMA Response Framework, and all SEOC policies and procedures.

(2) Ensure parent agency/department administrative, supervisory, and technical personnel remain aware of the agency's role with MEMA and ESF #15.

(3) Locate, identify, and set up their operational work areas and maintain logistical support for them.

(4) Attend and support briefings and other coordination meetings, whether virtually, at the SEOC, JIC, or elsewhere.

(5) Participate in training and exercises when scheduled.

(6) Support development and maintenance of SOPs to enable them to perform appropriate levels of mitigation, preparedness, response, and recovery related to public works and engineering.

(7) Assist with media/public inquiries.

(8) Prepare for news conferences.

(9) Write talking points and news releases;

(10) Provide information to congressional, legislative, or local elected officials.

(11) Coordinate releases and messaging with local, state, or tribal PIOs and gather information from the SEOC.

(12) Maintain operational logs, messages, requests, and other appropriate documentation for future reference.

(13) Maintain their maps, displays, status reports, and other information not included in the ESF #5 operations.

(14) Provide SITREP and IAP input, via WebEOC and appropriate ICS Forms, according to the established operational timeline, event-specific.

The chart below shows the responsibilities of select individual ESF #15 primary and support agencies. The list contains, but is not limited to, the core functions required:

Agency	Functions
Mississippi Institutions of Higher Learning (IHL)	<ul style="list-style-type: none"> <li>• Provide emergency public information through mediums available at the state's Institutions of Higher Learning (IHL).</li> </ul>
Mississippi Department of Archives and History (MDAH)	<ul style="list-style-type: none"> <li>• Coordinate information between the JIC and the Mississippi Department of Archives and History (MDAH) regarding the condition of historic properties.</li> </ul>
Mississippi Department of Corrections (MDOC)	<ul style="list-style-type: none"> <li>• Provide information about cancellation of visitation schedule at local and/or state prison facilities.</li> <li>• Provide information concerning evacuation of prisoners to alternate facilities only after the evacuation mission is completed due to security concerns.</li> <li>• Provide information of alternate parole check-in locations if normal offices are in the disaster area.</li> <li>• Provide information to Mississippi Department of Corrections (MDOC) employees.</li> <li>• May operate an information phone line for inmate family members' transportation to report to work.</li> </ul>
Mississippi Department of Education (MDE)	<ul style="list-style-type: none"> <li>• Keep SEOC and JIC apprised of all school closings.</li> </ul>
Mississippi Department of Employment Security (MDES)	<ul style="list-style-type: none"> <li>• Provide information regarding state programs for employment opportunities, unemployment insurance benefits.</li> <li>• Provide information regarding Disaster Unemployment Assistance (DUA) benefits and job-training opportunities in disaster-stricken areas.
